ITEM 3C – LAVAGNINO PLAZA
Mayor Lavagnino recused himself at this time and left the room.

Acting Mayor Pro Tem Trujillo opened the discussion of Item 3C, a proposal to place Mayor Larry Lavagnino’s name on the list from which to name City facilities, name the plaza fronting the Santa Maria Public Library “Lavagnino Plaza” in honor of Mayor Larry Lavagnino, and direct staff to place a commemorative plaque near the plaza recognizing Mayor Lavagnino’s contributions to the community.

Councilmember Zacarías stated all the Councilmembers were at the Grand Opening of the Library when they received the recommendation from the Library Board of Trustees to name the plaza. They all felt a sense of pride and support for the idea. She was excited to bring it to a vote so quickly and to recognize the Mayor for all his work.

Councilmember Patino stated the Councilmembers were very much in favor of this. Mayor Lavagnino epitomized the All-America City that Santa Maria was. He was a great Mayor who had his heart in the City of Santa Maria. It was so appropriate to name the plaza after him.

Councilmember Trujillo stated he felt it was fitting to name the plaza for Mayor Lavagnino.

Ernest Armenta asked if there were any other names submitted for consideration of naming of the plaza or if the public was asked for suggestions. He asked about the process.

Councilmember Patino indicated that it was the Library Board of Trustees who nominated Mayor Lavagnino.

City Manager Ness announced that he had a letter from Councilmember Orach supporting the naming of the plaza for Mayor Lavagnino.

Resolution 2008-131 was adopted naming the plaza “Lavagnino Plaza” on motion by Councilmember Patino, seconded by Councilmember Zacarías, and carried on the following vote:

AYES: Councilmembers Patino, Trujillo, and Zacarías
NOES: None
ABSENT: Councilmember Orach
ABSTAIN: Mayor Lavagnino

Mayor Lavagnino returned to the dais at this time. He thanked the City Council. He said it was a great honor, maybe undeserved, but very appreciated. He thanked the Library Board of Trustees for nominating him. It was very emotional for him when they announced it at the Grand Opening. It brought to mind his mother and father and their name going on in history. It was quite an honor.

GROWTH MITIGATION ANNUAL COMPLIANCE REPORT
Accounting Manager Harvey gave the staff report. Council was requested to receive and file the annual Growth Mitigation Compliance Report which was a report of the accounting, compliance, and reconciliation of AB1600 growth mitigation fees at the end of the 2007-08 fiscal year as required by law. All changes to the City’s Growth Mitigation Fee Program were handled separately and were subject to public hearing requirements. The City Council adopted 2007 Growth Mitigation Fee Program changes on May 15, 2007, and those fees went into effect July 14, 2007, 60 days after their adoption. The purpose of the City’s growth mitigation fees was to finance the design, construction, and acquisition of facilities and equipment to maintain the City’s level of service. Once collected, the growth mitigation fees were segregated and placed in special funds, which earned interest, and were held for the facilities and equipment for which the fees were collected. Pursuant to Government Code Section 6606(b)(1), local agencies shall, within 180 days after the last day of each fiscal year, make available to the public a report which contains specific information. The report outlined the required information for each account or fund.

Councilmember Zacarías referenced page 8 of the staff report, and asked how the water fee was calculated. She asked if it was really per square foot fee for single family homes or a per unit fee.

Utilities Director Sweet explained that it was a per meter or per unit fee.

Councilmember Zacarías asked if there were any ramifications for the funds that showed a negative balance.

Accounting Manager Harvey explained that there would be no interest earned; however, as money was collected, the negative balance would decrease.

Ernest Armenta asked if the fees were already in place and were not new fees. He suggested that at this time due to the economy, the City not put any new fees on developers.

Councilmember Patino asked about the traffic improvement fees-signal installation, the Highway 101 and McCoy project, and the North Blosser Road widening project.

Director Whitehead indicated he would research it and get back to her on the location of the signal installation. The Highway 101 and McCoy item was for the project report for
the new interchange. The North Blosser Road widening project was a clean-up expenditure.

Hearing no further comments, Mayor Lavagnino received and filed the report.

City Manager Ness reported on items expected for the September 16, 2008, City Council meeting including public hearings for the Lakeview Promenade GPZ, a Zoning Text Amendment related to increased height in the R-3 zone for the Lakeview Promenade project, and a continued public hearing for a General Plan Amendment and Zone Change for Mahoney Ranch.
